

# The Twelve Days Of Christmas Cash: A Dozen Easy Ways To Earn An Extra \$4,823 By December 24th

Let The ETR Experts In  
Rapid Profit Opportunities  
Show You Exactly How To Do It..  
(And It Only Takes One Hour a Day - Tops!)

Dear Reader,

Christmas - the "happiest time of the year" - is down right nasty business if you are strapped for cash. Every relative, associate and friend expects some kind of gift out of you, not to mention the stuff you have to get for your own family.

You know the feeling... it's enough to turn you into a regular Scrooge! Bah humbug, indeed!

Well here's your chance to have the best Christmas you'll have ever have. I mean it. No stress, no worry, no hassle.

Just sweet Christmas memories that will last you and your family a lifetime.

In the next three minutes I'd like to show you exactly how you can pick up a nice little bundle of extra cash for the holidays.

Look, my mom used to tell me, "***It's not what you get for Christmas that's important, its what you give.***" Yea, it sounded nice, until I hit the mall and spent the rest of the year paying for the warm, fuzzy feeling I got from giving to everyone.

Face it - the happy moments are well worn off about mid-July when you are still paying 21% interest for that \$40 tie you bought your boss.

Now, I am not saying that mom was wrong. No, she was right. Giving **is** the most important thing. And there is

no doubt you get a thrill from seeing faces light up when you give them killer gifts. I love being someone's hero for a day...and there is nothing sweeter than letting family know you love them with a well-thought of, quality gift. It just makes you feel good all over.

Maybe the next best feeling in the world is shopping without being short on cash. Can you imagine! There are people out there that can walk into almost any store this time of year, pick out what they want and slap down the cash for it. Man! Would that feel good or what?

That is what you could feel like this Christmas. I wonder how much cash you would need to enjoy that kind of shopping experience? Would an extra \$1,000 do it for you? How about \$2,500? Maybe \$3,500 puts you closer to having a stress-free holiday? Or are you a big spender and need more like \$7,000 to get the job done?

Whatever it is, you have the chance at having it in your hands before December 24<sup>th</sup>... and yes I am talking about this year. Right now.

In fact, if you follow the advice in this letter, by this time next month you could be well on your way to the holiday experience of your dreams.

Here's what I'm talking about...

## **This Christmas We'll Give You Our Very Best**

I know you don't have a lot of time right now. And probably not much extra cash sitting around either, for that matter. There's no shame in that. It's where everyone is at during this time of year.

So a couple weeks ago, a few of us were sitting around after lunch, talking about this annoying problem that almost everyone has this time of year. That's when we came up with an insane idea...

What if we pulled together the best-of-the-best of our rapid profit generating opportunities to give our readers an early Christmas gift? Not something like a cheap watch from Wal-Mart - but a serious gift that they would never forget.

We even gave it a name... ***The Twelve Days of Christmas Cash.***

No turtledoves or swans-a-swimming... just nice, warm, merry-making cash. Doesn't that sound nice!

I'm talking about a single package that delivers to you a dozen of the most powerful and lucrative systems we have every offered! Remember, lots of people have set themselves up financially for life by using just one of these incredible programs. **We are going to give you 12 of them!**

Now, listen to this very carefully...

### **How Much Extra Cash Could You This Christmas?**

Every day, for 12 days, you will have a new business opportunity laid out before you. And I am not talking about those kind of "teaser" packages packed with half-explanations and cheesy come-alongs. That stuff will drive you crazy and cost you a lot of money. Plus its flat out dishonest - a scam really.

No, what I am talking about here is the full-meal deal. From A to Z every detail you will need to put 12 cash-making machines together. Every single one of these programs will give you money right now, well in time for any holiday shopping you want to get done. That's why we call them "rapid"... they produce cash right away.

Which, of course, is the whole point. You need extra cash for Christmas right? Well, it won't do you any good to get an extra \$5,000 in February! (Ok, maybe that would be nice too, but it wouldn't do you any good for this Christmas.)

There are a few more things you need to know before I give you the nitty-gritty details to this amazing 12 Days of Christmas program. It's a checklist of things you **won't** need to get started...

- ✓ You **won't** need a wheelbarrow full of investment cash... in fact in most cases less than \$150 will get the job done!

- ✓ You won't need a warehouse (or even a small closet) full of products that you have to sell... at ETR we hate selling and inventory is for the birds!
- ✓ You won't need to harass your friends, neighbors or total strangers to "get in on the ground floor" with you in some crazy MLM.
- ✓ You won't need to quit your day job to risk everything for a couple extra thousand dollars. Like I said, an hour or so a day should get you there.
- ✓ You won't need the latest and greatest computer connected to fattest broadband service available. (You'll be amazed to read that one of the programs is so simple that you can launch it from outdated computer at the local library!)
- ✓ You won't need a Masters in business or genius level IQ! (One opportunity you will get is from a gal named Vicky Smith. Really nice person, but she is the proverbial blond to a tee... and she is extremely wealthy from a "mistake" she made on the Internet...)
- ✓ And best of all... You won't need to cough up a ton of money to buy the program. After all this is our Christmas gift to you!

What you will need is a bit of fire in the belly and a genuine desire to leave the stressful, cash-strapped type shopping to someone else this year.

If you don't have that, then I can promise you the 12 "gifts" we are giving you with this program will be worthless and you might as well stop reading this letter right now... you got other things to worry about with your time.

But, I am guessing you are up for the challenge. Plus, when you read the guarantee we are attaching to the **12 Days of Christmas Cash**, you'll see that you have nothing to lose. That's right - we have made this opportunity totally and completely risk free for you. We just figured you didn't need the stress of one more thing to worry about before Christmas.

But I'm getting way ahead of myself...

## **12 Days of Personal Coaching By the Experts**

Let me tell you about a few of the programs - or "gifts" as we like to call them - that you will get with your **12 Days of Christmas Cash** package.

Better yet, let me introduce you to a couple of the experts you'll be learning from...

Paul Lawrence is one of the first guys you will hear from. Not too many years go Paul was dating a gal named Blanco from Peru. She did not speak a lick of English and was struggling find a job where she could make minimum wage. But all that was about to change.

You see, for years Paul had been developing what he called "microbusinesses" - full blown business ideas that you could get up and running for less than \$100. He decided to personally coach Blanco on setting one up for herself. The results were absolutely amazing! It wasn't long before she was making well over \$40 an hour by simply managing a few employees.

Blanco was not the only one Paul helped. Mike Yale was another student of Paul's **The Quick and Easy Microbusiness System**. I can't tell you whole story here (Paul can get into it with you later...) but you should know that in Mike's first month he pulled in \$15,000! How would that impact your Christmas this year?

Here's another man you'll get to meet during the **12 Days of Christmas Cash**: Yanik Silver

Yanik is a master at marketing online - no matter what product you are trying to sell.

How good is he? In just 2 weeks he put together a project that brought in \$9,842! Another gal he helped named Carol Tuttle was able to go from \$1,200 a month in online sales to more than \$40,000 a month. And that is just a tiny peak at the successes Yanik has helped create. The next one could be you... and before Christams!

I'll tell you about one more before we move one: James Sheridan. Now you may not believe this - and that O.K. because James loves a good skeptic - but he developed an idea that brought in a stunning \$187,296 in 24hours. How is that possible? I'll let James cover that story, but the fact is the man understands quick cash! Even if you just did 10% of that, I can bet you'd be one happy holiday shopper!

Ok, enough of that! I mean I could spend all day telling you about the amazing success stories our **12 Days of Christmas Cash** presenters have helped created. You'll hear all about it during the 12 days. For now, here are a few details on the program-

### **You Can Join a Group of Elite "No Worry" Holiday Shoppers - Cash Won't Be a Problem**

The "gifts" will be wrapped in either an email that outlines that day's special cash cow or a teleconference where you can speak live with one of our money-making experts.

The conference calls will be especially powerful... Think about it, these guys usually charge hundreds (or even thousands) of dollars an hour to get on the phone and reveal their financial secrets to clients. You'll be getting their time for an obscenely low cost that is not even a fraction of what they typically charge. (I told you this **12 Days of Christmas Cash** idea was insane!)

The "12 Days" will begin on December 5<sup>th</sup>. Once the program has begun, there is no getting in half way through - even if there were a few more slots open. And yes, the number of "**Christmas Cash**" packages we are offering is limited. For one thing, several of the conference calls with include exclusive Q&A sessions that will only be effective if a select number of participants are involved.

For another thing, we are offering a number of special bonuses for those who take advantage of this program (I'll detail those for you in a minute...). To be fair to our presenters and participants, we'll be shutting the doors once the limited slots are filled up.

Let me explain what I mean...

## **You May Never See This Lineup of Rapid Profit Superstars Again...**

Registration is going to be first-come, first-serve. So, if you are going to "think about it" for a while, fine, but keep in mind, a deal like this is sure to fill up fast. I guess you should also know that it is not likely that we will have this kind of laps in our reasoning again anytime soon!

Now, Consider this incredible line up of opportunities...

- ❖ Dec 5th: James Sheridan Instant Internet teleconf call
- ❖ Dec 6th: Paul Lawrence Microbiz teleconf call
- ❖ Dec 7th: Paul's Holiday biz-opp special report

What's all this worth to you?

## **The Value of Our Christmas Gift To You is Almost Immeasurable**

If you went out and bought these programs individually you would be spending literally thousands and thousands of dollars. Frankly, some of these presenters are so exclusive

and so busy you likely couldn't ever sit down with them and pick their brains for business ideas - no matter how much you were willing to pay.

Luckily, at ETR we have been working with most of them for years now. I guess, you could say that we called on a couple of favors so they would be willing to be a part of this **Christmas Cash** program... or maybe they just got bit by the same crazy Christmas bug that we did!

Whatever the reason, you are the one that will rake enough cash to make this Christmas your best one ever... but only if decide to be a part of the exclusive group of individuals that will join us for those 12 magical days.

I promised you that this unheard of offer would not bleed you dry of any Christmas funds you may have stashed away.

I'll bet you are wondering about that promise now.

### **There's an Open Secret Here That Could Change Your Life!**

I mean, if you know anything about Brian Tracy, you know he is not cheap. Would it make you really nervous if I told you that Yanik Silver has an apprentice program that goes for thousands? Those are just two of our presenters!

To be honest with you, it would be well worth it if you spent a couple of thousand or more on the **12 Days of Christmas Cash**. Why? Because the open secret here is that not only can you take these 12 ideas and easily generate over \$4,000 of EXTRA cash in the next few weeks before Christmas, but you could use them to totally change your financial future forever!

Make no mistake about it! Sure, we are talking about putting a bit of extra dough in your pocket for the holidays. But, if it works in December, don't you think it would work in January, or February, or the rest of the year for that matter? Sure it would! In fact, every one of these ideas has been proven time and time again to do just that.

And just imagine we are giving you 12 of them - a dozen of our best, fastest and most rewarding programs - all wrapped up in one incredible 12 day feast!

The best part of getting so many programs is that you can choose the one you like the most. Don't feel comfortable with Microbusiness models? No problem! Focus on the Internet opportunities. Not a techie kind of guy? Ok. Fine. Develop one of the hassle-free broker businesses. You get the idea - just pick one and watch the money roll in!

## **The \$77 Christmas Gift**

Nervous yet about the price? Well, you don't need to be because you are not going to pay anywhere near a couple of thousand for this golden opportunity.

For the next 2 weeks (or until the slots fill up) we will be offering the **12 Days of Christmas Cash** for a small \$77 registration fee.

Rub your eyes and read that number again (I know I am because I can't hardly believe I am saying it!).

That's right. For just \$77 you can have access to all 12 opportunities... opportunities that can give you thousands of dollars in extra Christmas cash this year and potentially change your financial life forever.

Now, if that was not generous (or insane) enough we are going to throw in a couple of real gifts for you - bonuses that will definitely make your Christmas "merry and bright".

- ❖ Bonus #1 - something really nice that Patrick is going to tell me about later
- ❖ Bonus #2 - another one of those great gift ideas from Patrick
- ❖ Bonus #3 - this one is Will's idea. It's a dandy

These bonuses alone are worth \$XXX!
