Christian Children's Fund

Dear Joshua,

It is my pleasure, as the new president of Christian Children's Fund, to thank you for being an important part of our wonderful work for children living in poverty. One of my first requests was for a report on our current emergency programs — programs for children and families who urgently need our help.

You can read this report [here](#), and you will be more aware of the **urgent nature of our work**.

We've made progress in many areas. However, **we need \$1,000,000 by the end of June to continue our current programs helping children and families experiencing emergency situations.**

Please make a generous donation today.

[Donate now >>](#)

Your gift will help us continue providing critically necessary programs to assist many children and families who are suffering. **Together, we can make a significant difference for them.**

CCF is providing real hope and making a profound impact on the lives of many people ... such as brave, 12-year-old Bavani.

Bavani has personally experienced a tremendous difference in her life, thanks to CCF ... and friends like you.

The December, 2004 tsunami killed her parents, severely damaged her home, and left her in a state of economic poverty and emotional pain. And, she was expected to take on the role of mother. So it became her responsibility to assist her disabled grandmother by doing the household chores — cooking, cleaning, and washing — for **everyone** in her family.

These chores took up so much time that she **usually couldn't go to school. Bavani was miserable** and her future looked bleak.

Fortunately, a CCF caseworker found out about her and a family meeting was held.

After that, other family members stepped up to help the grandmother so Bavani could go to school. And Bavani was given a grant for essential things, including school fees. **Getting an education is a gift that will last her lifetime.**

Bavani is much happier now — she's in school, doing her fair share of age-appropriate chores, and even has some free time to spend with friends.

That is just one of the miracles your help makes possible with your generous donations.

If you would like to start helping these children and families right now, **please give us a call at 1-800-776-6767, or donate now by clicking [here](#).**

Thank you — what you are really giving the children is the gift of **hope**.

Sincerely,

Anne Lynam Goddard
President

P.S. Just as I finished my letter to you, I heard that the Tamil Tigers in Sri Lanka and rebel groups across the border from Chad have mounted significant military campaigns. Children in these areas are in danger and **immediately** need our help. There is no time to lose. We must increase our efforts to counter the terrible effects of these attacks. Your generous gift today will go a long way toward making our efforts a reality.
