Dear Friend,

Like you, I'm passionate about photography. And, over the years, Corel Paint Shop Pro has helped me pursue my passion for creating images that inspire ([here are a few of my own favorites](#)).

It never fails to help me bring out the true magic in my photos. And creating dazzling, professional results is fast and easy.

Recently, I learned about some news that I'd like to share with you: a new version of our trusted photo editing software is here... and the new features are nothing short of stunning!

I know because I was lucky enough to have a first-hand preview of the **new Paint Shop Pro Photo XI**. And I'm very excited to tell you about it!

But before I do, there's just one more thing...

**The new Paint Shop Pro Photo XI comes with a number of special offers exclusively for loyal Paint Shop Pro customers like you and I ... more about those in a moment.**

**Now only \$59.99!**

**Here's what you get when you upgrade before Sept. 30, 2006:**

- **NEW Paint Shop Pro Photo XI** with a 40% discount off the full retail price. **Now only \$59.99!**
- **FREE** shipping
- 2 hours of **FREE** video training by lynda.com
- **Over a dozen totally new** tools, features and enhancements
- **NEW!** [Corel Snapfire Plus SE](#) - the fun, fast and easy

There is simply no way to give you all the facts about the **new Paint Shop Pro Photo XI** in this email, but I'd like share with you my top 5 favorite new features (however, you need to know there are over a dozen new features and enhancements in this new release):

### Top 5 favorites in the new Paint Shop Pro Photo XI

1. New! **[The Organizer](#)** – Finally, a built-in one-stop photo management center that takes the guesswork out of finding photos on your computer, camera or memory card. The Organizer lets you get started faster and easier than ever!
2. New! **[Depth of Field filter](#)** – I love how professional photographers create depth of field by slightly blurring the background in a photo. Now, with the **new Paint Shop Pro Photo XI**, adding a depth of field effect is fast and easy.
3. New! **[The Time Machine](#)** – The vintage photo look is a hot new trend. With the new Time Machine effects you can transform your photos to look like they were taken in almost any era – from 1839 to the Roaring 20s!
4. New! **[Color Changer](#)** – An amazing innovation! Imagine having the creative freedom to change the color of any object in a photo but leave the colors of everything else untouched! Now you can with this remarkable new tool!

5. New! **[Film and Filter effects](#)** – Now you can get the same kinds of effects that used to require specialized filters and film that could cost hundreds of dollars! Fire up your imagination by simulating what it would look like to use color filters on your camera lens of special film in a traditional SLR camera.
